DIRECTED AND ORGANIZED BY A
COMMITMENT TO HARMONIOUS SOCIAL,
CULTURAL, ECONOMIC LIVING.

THERE IS ENOUGH

Our Mission: to be the stillness making a difference in our lives, allowing us to see the support we need and have to nourish our health and wealth, to heal our bodies, our hearts, our minds. Giving us the gift of peaceful living and recognition of eternal spirit—Joy Works contains our laughter, tranquility and tears, our warm tingliness, our anger, our fears. It allows us the clarity of forgiveness to learn and receive our lessons and to connect with ourselves and with others.

Our poet– visionary artist writer journalist producer, social theorist, and program designer educator—is student and teacher using her media work to encourage communication, cooperation and reverence for life and living.

We Deserve Joy! The quality and longevity of the JOY in my life increases in direct proportion to my accepting my right to have it.

Healing generations of abuse and pain is my mission. Learning earthly rights is a journey. Joy Works Everywhere! Inc. has developed programs to assist and participate with others in their Joy experience. ❤️
